

How to make your own *Giving Tree* Advent Calendar.

- ✓ Print out the two pages of the *Giving Tree* calendar kit. For best results, colour print the first page on good quality paper and the second page on lightweight card.
- ✓ Carefully cut the 24 marked tabs on the Christmas tree (page 1) with a sharp craft knife.
- ✓ Apply glue sparingly around the edges and large spaces of page 2 and in a few places between the illustrated items. Take care not to get glue in the item boxes! Align page 1 over page 2 and smooth carefully downwards.
- ✓ Your calendar is ready to open the windows during Advent. Each day will reveal a product to put in your box as a donation to the Food Bank.

What should I do with my donations after Christmas?

Bring them to the porch at St Edmund's Church, Shipston between 10:00 and 12:00 on a Saturday morning early in the New Year – 2nd January if possible.

Thank you for taking part!
